

DINH HUY BUI

Business Analytics & Analytics Engineering Consultant

+84 328 979 304 | huybui9703@gmail.com | [LinkedIn](#) | [GitHub](#) | Cau Giay District, Hanoi, Vietnam

PROFESSIONAL SUMMARY

Results-oriented Analytics Consultant with a strong foundation in International Economics (FTU), bridging business strategy and technical execution. Experienced in scoping requirements, architecting centralized data systems, and engineering automation tools.

EDUCATION

Foreign Trade University (FTU)

Bachelor of Economics (High Distinction) - Major: International Economics

Hanoi, Vietnam

2021 – 2025

WORK EXPERIENCE

Vietnam Educational Cooperation Joint Stock Company

Data Analyst (Sales Department)

Hanoi, Vietnam

06/2025 – Present

- **Consult & Restructure CRM Data Warehouse:** Acted as strategic bridge between executive leadership and admissions teams to standardize fragmented data and structure a centralized Data Warehouse tracking full student lifecycles.
- **Build Executive & Operational Reporting Systems:** Elicited business requirements to establish multi-dimensional KPI tracking and conversion rate reports across acquisition channels, assisting leadership in timely decisions.
- **Design Interactive Dashboards:** Deployed dynamic dashboards on Power BI and Zoho Analytics for monitoring actual vs. target performance in real time.
- **Engineer Student & KPI Management Web System:** Spearheaded the development of a centralized management app resolving operational bottlenecks, **saving 40% operational time** for admissions teams.

Z Solution Joint Stock Company

Data Analyst (System Business Development)

Hanoi, Vietnam

03/2024 – 06/2025

- **Market Research & Commercial Evaluation:** Analyzed international market data (Philippines, Thailand); evaluated commercial feasibility for new product lines, executing and assessing data-driven discount campaigns and sales contests.
- **Data Infrastructure & ETL Optimization:** Collaborated with IT/BI teams to standardize reporting architecture and optimize ETL workflows, **cutting daily data processing time by 20%**.
- **Automated Reporting Systems:** Developed automated dashboards on Power BI and Metabase, enabling multi-dimensional data synthesis for agile market response.

FEATURED PROJECTS

Student Management Web System & CRM Data Warehouse

2025

- **Centralized application and admissions Data Warehouse planning** – Restructured and integrated fragmented admissions data into a centralized Data Warehouse. Built a Web App management system that **reduced operational overhead by 40%** and standardized reporting for executive management. *(Tech: Data Warehouse, Python, JavaScript, CRM, Power BI, Zoho Analytics)*

ETL Pipeline Optimization & International Analytics Dashboards

2024

- **Data analytics infrastructure for Philippines & Thailand markets** – Designed large-scale ETL pipelines for international markets, **cutting daily data processing times by 20%**. Deployed automated Power BI & Metabase dashboards for multi-dimensional business performance tracking. *(Tech: ETL, BigQuery, PostgreSQL, Power BI, Metabase, Market Analysis)*

TECHNICAL SKILLS

Business Consulting & Analysis: Requirements Elicitation & Scoping (BA), Conversion Funnel & Operational Optimization, Market Research & Commercial Strategy, IIBA Business Analysis Certificate, English B2 Aptis (British Council)

Databases & ETL Engineering: BigQuery, PostgreSQL, MySQL, Advanced SQL Query Optimization, Data Warehouse Modeling & ETL Pipelines, Large-scale Dataset Processing

Data Visualization & BI: Power BI, Zoho Analytics, Metabase, Tableau, Executive Decision-Making Dashboards, Real-time KPI Tracking Systems

Programming & Automation: Python, JavaScript, Git, HTML/CSS, Custom Management Web App Development, AI-Assisted Workflow Automation

CERTIFICATIONS

- **English B2 Aptis Certificate** – Issued by British Council
- **Data Analysis Course Certificate** – Issued by DataCamp
- **Business Analysis Course Certificate** – Issued by IIBA
