

DINH HUY BUI

Data & Operations Analytics Consultant

+84 328 979 304 | huybui9703@gmail.com | [LinkedIn](#) | [GitHub](#) | Cau Giay District, Hanoi, Vietnam

PROFESSIONAL SUMMARY

Results-oriented Data & Analytics Consultant bridging business strategy and technical execution. Experienced in scoping operational requirements, architecting centralized data warehouses, and engineering automated reporting systems for executive decision-makers.

EDUCATION

Foreign Trade University (FTU)

Bachelor of Economics (High Distinction) - Major: International Economics

Hanoi, Vietnam

2021 – 2025

WORK EXPERIENCE

Vietnam Educational Cooperation Joint Stock Company

Data Analyst (Sales Department)

Hanoi, Vietnam

06/2025 – Present

- **CRM Data Warehouse Architecture & Strategy:** Acted as strategic bridge between executive leadership and admissions teams to scope business requirements and architect a star-schema Data Warehouse, standardizing fragmented lead data across 12+ channels with 99.9% Data SLA.
- **Data Ingestion & Pipeline ETL Engineering:** Engineered automated 15-minute micro-batch ingestion & ETL pipelines using Python, PostgreSQL, and DuckDB, enforcing schema validation and eliminating 100% of inter-departmental data silos.
- **Executive BI & Automated Alert Systems:** Built self-serve Metabase, Power BI & Zoho Analytics dashboards for C-level conversion funnel tracking, integrating automated Telegram alert bots for real-time revenue anomaly detection (< 60s latency).
- **Custom Student & Operational KPI Web Application:** Developed a custom centralized Web App resolving operational bottlenecks, **saving 40% manual operational overhead** for admissions teams.

Z Solution Joint Stock Company

Data Analyst (System Business Development)

Hanoi, Vietnam

03/2024 – 06/2025

- **Market Research & Commercial Strategy Evaluation:** Analyzed cross-border e-commerce data across Southeast Asia (Philippines, Thailand); designed A/B testing frameworks and evaluated commercial ROI for discount campaigns & sales contests using empirical data.
- **Data Infrastructure & High-Performance ETL Optimization:** Partnered with IT & BI engineers to standardize data warehousing, tuning complex SQL queries & ETL execution (Parquet columnar engine), **cutting daily data processing runtime by 20%** (pipeline < 90s).
- **Automated Multi-Dimensional BI & Executive Dashboards:** Developed automated dashboards on Power BI and Metabase focused on Actionable Metrics, enabling rapid operational responses to dynamic market shifts.

Vietnam Post Logistics Joint Stock Company

Logistics Sales & Import-Export Executive

Hanoi, Vietnam

09/2023 – 03/2024

- **International Trade Sales & Freight Advisory:** Evaluated international shipping demands for import-export clients, providing optimized freight rate structures and supply chain route solutions.
- **Trade Documentation & Workflow Management:** Managed end-to-end commercial shipping documentation (Bill of Lading, Commercial Invoice, Packing List, Customs Declarations), resolving operational bottlenecks.
- **Revenue & Freight Cost Analytics:** Compiled freight rate datasets, analyzing profit margins and channel revenue contributions by shipping lanes and commodity groups.

FEATURED PROJECTS

Student Management Web System & CRM Data Warehouse

2025

- **Centralized application and admissions Data Warehouse planning** – Restructured and integrated fragmented data sources across admissions departments into a centralized Data Warehouse. Built a Web App management system that **reduced operational overhead by 40%** and standardized reporting for executive management. (Tech: Data Warehouse, Python, JavaScript, CRM, Power BI, Zoho Analytics)

ETL Pipeline Optimization & International Analytics Dashboards

2024

- **Data analytics infrastructure for international markets** – Designed large-scale ETL pipelines for international markets, **cutting daily data processing times by 20%**. Deployed automated Power BI & Metabase dashboards for multi-dimensional business performance tracking. (Tech: ETL, BigQuery, PostgreSQL, Power BI, Metabase, Market Analysis)

California House Price Prediction & Spatial Analytics

2024

- **Spatial EDA & Machine Learning valuation model based on Hedonic Pricing Theory** – Executed Spatial Exploratory Data Analysis (EDA) and built Machine Learning models (Linear, Polynomial, Decision Tree) to predict California house values based on median income, coastal proximity, and urban location. Achieved optimal performance with 3rd-degree Polynomial Regression. (Tech: Machine Learning, Python, EDA, Scikit-Learn, Hedonic Pricing, Spatial Analysis)

Real-Time Telegram Revenue & KPI Alert System

2025

- **Automated business metric tracking and anomaly detection solution** – Automated daily business metrics extraction and processing; integrated anomaly detection algorithms on conversion funnels to deliver real-time Telegram alerts for management. (Tech: Python, Telegram Bot API, PostgreSQL, Data Automation, Real-time Alert)

RFM Customer Segmentation & Churn Risk Analytics

2024

- **Personalized retention strategy and customer lifetime value optimization** – Analyzed transactional history to segment customers via RFM modeling. Built early-warning churn risk indicators empowering sales teams to execute proactive retention strategies. (Tech: RFM Model, Python, SQL, Customer Analytics, Power BI)

TECHNICAL SKILLS

Business & Domain Analytics: Business Analysis (BA), Requirements Gathering & Business Process Modeling, E-commerce Analytics, Performance Marketing & Conversion Rate Optimization (CRO), International Market Research & Product Feasibility Evaluation, KPI & Operational Performance Frameworks (KPIs/OKRs), CRM Data Structuring

Databases & Querying: BigQuery, PostgreSQL, MySQL, Advanced SQL Query Optimization

Data Visualization & BI: Power BI, Zoho Analytics, Metabase, Tableau

Programming & Automation: Python, JavaScript, Git, HTML/CSS, AI-Assisted Workflows

CERTIFICATIONS

- **English B2 Aptis Certificate** – Issued by British Council
- **Data Analysis Course Certificate** – Issued by DataCamp
- **Business Analysis Course Certificate** – Issued by IIBA
